## 2013 NEBRASKA ABORTION STATISTICS CONTINUE TO SHOW DROP IN ABORTIONS

2013 Nebraska abortion statistics were recently released by the Nebraska Department of Health & Human Services. While the rate in 2013 was 2,177 abortions vs. 2,299 in 2012, there is an alarming increase in the number of chemical vs. surgical abortions being done.

In addition, new reporting due to Nebraska's 20-week ban on abortion shows the following numbers per gestational week of age: 30 done at 16 weeks, 4 at 17 weeks, 10 at 18 weeks and 6 done at 19 weeks.

While it appeared that the surgical abortion rate dropped due to the 20-week ban being enacted in 2010, LeRoy Carhart of Bellevue appears to be doing the majority of abortions in Nebraska. The rate for Sarpy County was 787 abortions, while the rate in Douglas County (Omaha) was 694 and Lancaster County (Lincoln) was 696.

Planned Parenthood of the Heartland has abortion facilities in Omaha and Lincoln, while Carhart is part time at his Sarpy County (Bellevue) facility and part time in Germantown, Maryland, where he does abortions 20 weeks and up.

## NEBRASKA RIGHT TO LIFE PAC GENERAL ELECTION VOTER GUIDES NOW AVAILABLE!

If you would like some Voter Guides to distribute among friends, please contact us via email or phone info on front page.

Many copies are spoken for — for the literature drop distribution through volunteers and chapters at churches — but we can still accommodate small orders.

The General Election is Tuesday, Nov. 4th. You also can direct others to our website and search under "Political Action" and then "Voter Guides." You should be able to highlight it and email it to others from the website.
