Planned Parenthood Caught In Live Action Video Stings

Reprinted from Live Action website

NEW JERSEY – Feb. 1, 2011 – A Planned Parenthood manager in New Jersey coaches a man and a woman posing as sex traffickers how to secure secret abortions, STD testing, and contraception for their female underage sex slaves, and make their whole operation “look as legit as possible” in an undercover video released this morning.

Clinic manager Amy Woodruff, LPN, of Planned Parenthood Central New Jersey's Perth Amboy center, warns the pimp and his prostitute to have their trafficked underage girls lie about their age to avoid mandatory reporting laws, promising, “even if they lie, just say, ‘Oh he's the same age as me, 15,’...it's just that mainly 14 and under we have to, doesn't matter if their partner's the same age, younger, whatever, 14 and under we have to report.” She says, “For the most part, we want as little information as possible.”

Woodruff also recommends how the pimp can get his prostitutes cheaper contraception by claiming they are “students”: “If they're minors, put down that they're students. Yeah, just kind of play along that they're students—we want to make it look as legit as possible.”

If one of the young trafficked girls needs an abortion, Woodruff refers the pimp and prostitute to the Metropolitan Medical Association, where “their protocols aren't as strict as ours and they don't get audited the same way that we do.” The prostitute in the video asks how long after the abortion until the girls can have sex again, and when Woodruff says “minimum of 2 weeks,” she asks what sex acts the girls could still do to make money. Woodruff advises, “Waist up, or just be that extra action walking by” to advertise sex to potential clients.

Sex trafficking is punishable under federal law and carries a potential life sentence. The new video is released by Live

Action, a pro-life new media organization led by 22-year-old Lila Rose. The video airs just days after Planned Parenthood's leadership suspected the sting operation and sought an FBI probe of Live Action in order to deter the release of the exposé. Live Action is sending full footage to U.S. Attorney General Eric Holder, NJ Attorney General Paula Dow, officials at the Federal Bureau of Investigation, and other law enforcement officials, requesting federal and state investigations into Planned Parenthood's sexual abuse and sex trafficking cover up.

The abridged 11-minute video is available at: LiveAction.org

“This proves beyond a shadow of a doubt that Planned Parenthood intentionally breaks state and federal laws and covers up the abuse of the young girls it claims to serve,” said Lila Rose, President of Live Action. “Time and time again, Planned Parenthood has sent young girls back into the arms of their abusers. They don't deserve a dime of the hundreds of millions they receive in federal funding from taxpayers. Congress must cease funding and the Department of Justice should investigate this corrupt organization immediately.”

Live Action has previously released more than a dozen hidden camera videos from ten states and shows the alarming trend of illegal Planned Parenthood activity including cover-up of sexual abuse of minors, the skirting of parental consent laws, citing unscientific and fabricated medical information to convince women to have abortions, and Planned Parenthood's willingness to accept donations earmarked to abort African-American babies.

Annual Nebraska Walk for Life Draws More Than 4,000

Pro-Lifers to the State Capitol

More than 4,000 Nebraskans attended the 37th annual Nebraska Walk for Life sponsored by Nebraska Right to Life (NRL) on January 29th at the State Capitol in Lincoln.

NRL President Sandy Danek of Lincoln sang the National Anthem and welcomed the crowd with the news that Bellevue late-term abortionist LeRoy Carhart is taking his late abortion business elsewhere due to NRL's priority legislation from the 2010 legislative session: the Pain Capable Unborn Child Protection Act. Governor Dave Heineman and Speaker of the Legislature Mike Flood reiterated that theme. A number of other pro-life state senators and constitutional officers also spoke.

Information was distributed about NRL's priority legislation, LB 521, the Stop Web Cam Abortions bill. 350 pink and blue balloons were released to music in memory of the millions of unborn aborted. After walking 8 blocks to the University of Nebraska-Lincoln Student Union, attendees packed two large rooms inside to hear keynote speaker Melissa Ohden. Ohden is the survivor of a 1977 saline abortion.
